

Do you have the layers of protection it takes to prevent wire fraud?

There's no silver bullet against the threat of wire fraud. CertifID uses a layered approach to protecting clients from the #1 risk facing the industry.

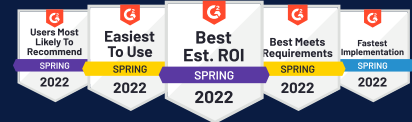

Education

CertifID educates both your team and your clients to ensure they're aware of the risk of wire fraud.

SaaS Security Solution

CertifID validates the identities of parties in a transaction and enables the secure exchange of bank account information.

Insurance

Every transaction validated via CertifID receives up to \$1 Million of direct insurance coverage.

Recovery Services

If someone is tricked outside of CertifID, our Fraud Recovery Services team, in partnership with the U.S. Secret Service, will help get the money back.
