

EXOS[®] Close:

Cutting 3+ days from your closing timelines

Instantly schedule closings for exactly when local signing agents are available

- ✓ See the exact dates and times signing agents are available, and instantly select your preferred date, time and location
 - Instant scheduling eliminates back-and-forth and delays associated with getting to the signing
- ✓ Improve pipeline management by keeping your closings on track
 - Real-time access to signing agents' digital calendars prevents self-inflicted bottlenecks created by scheduling without confirmation of agent date/time availability
- ✓ Immediately receive signing agent information, including name, contact information, photo and make and model of vehicle
 - Quickly share this information with the consumer to increase their confidence in the process
- ✓ Available to closers, processors and consumers

Provide a personalized consumer experience to increase engagement

- ✓ Private labeling allows for a consistent digital experience, while enhancing brand loyalty
- ✓ Customizable notifications (emails, text messages and push notifications) tailored to meet consumer and lender preference

Close anytime, anywhere

- ✓ Supports and accelerates hybrid, remote and face-to-face eClosing experiences without the inconvenience of waiting rooms
