

Real Geeks CRM: Save Time, **Maximize ROI**

Never lose a deal again. Stay on top of all your leads, know your lead sources. Deliver value at the right time and keep your clients for life

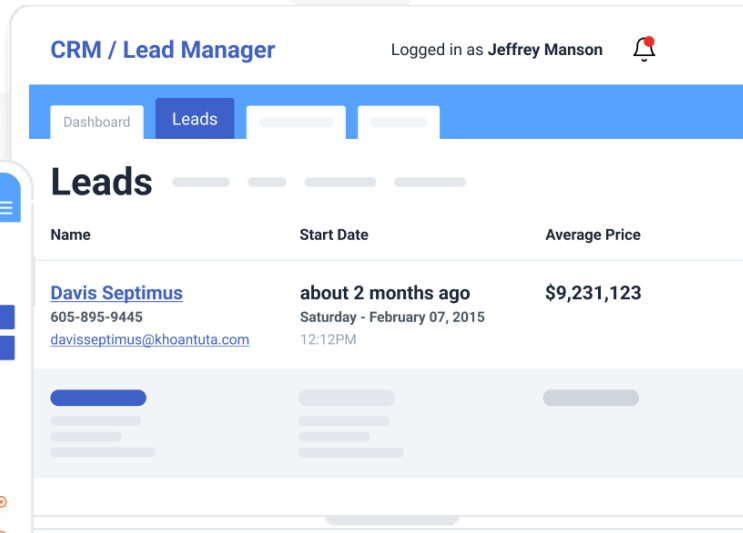

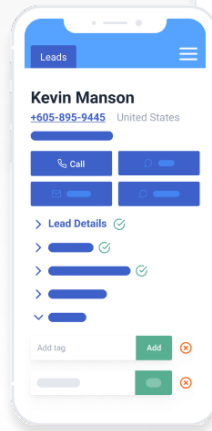

Full Featured CRM for Realtors.

The live feed for your business.

Never wonder what to do next. Know what clients or leads are active, who is ready for outreach or who might need a tap.

Keep everything in Sync

All conversations are automatically synced with agents' emails and integrated into CRM.

Statuses & Urgencies

Segment your lead pipeline seamlessly with the status and urgencies feature.

Quickly visualize the distribution of clients throughout their sales pipeline. Filter down to the leads within a particular stage so that they can prioritize.

Lead SMS Autoresponders OR AI!

SMS Autoresponders ensure fast response time to leads, increases engagement and conversion and saves time. Ready to step into the future? Allow Anna, your AI assistant to qualify leads and set appointments.
